### Welcome to Term 1

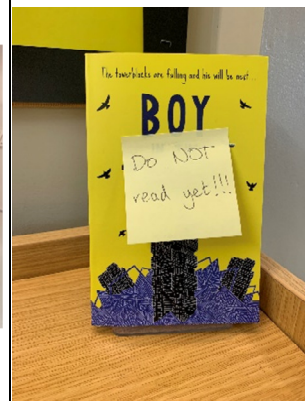

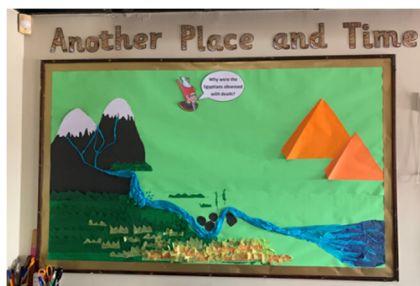

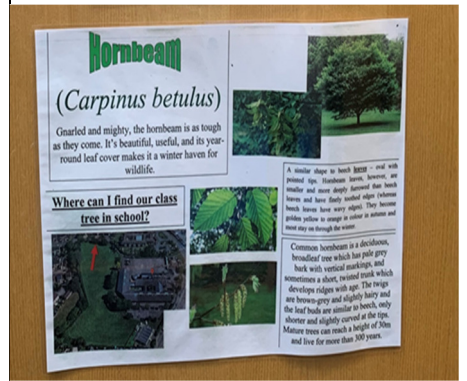

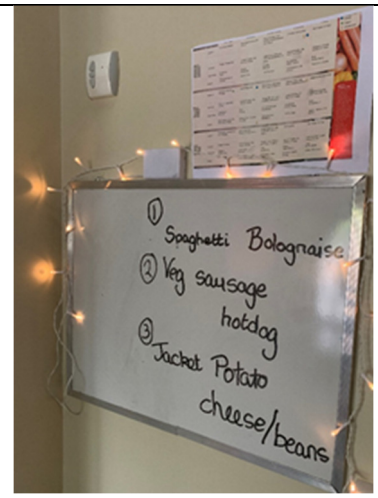

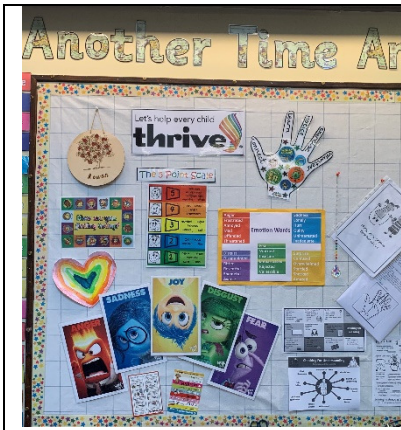

Dear Parents and Carers,

I have never known a more settled start to the new academic year, by 9:20am this morning every child was working in class, thank you for your support.

Photos from around the school, I wonder what your child can tell you about the pictures they recognise? Either because they remember something from last year or can spot something they have seen today. It is just for fun, but it might help start a conversation about their first day. What do you recognise?

We are continuing some restrictions for the first four weeks, to minimise risks until we know the impact of all pupils returning to school. There are also some changes to the guidance, please email if you have any concerns or questions.

The one-way system (both gates will open at 8:40am to 9:00am and 3:10pm to 3:30pm) come in through any gate but please continue to use the one-way route around school and exit through the carpark gate;

10-day isolation for anyone who tests positive;

No whole school assemblies;

PE outside as much as possible;

Ventilated classrooms, windows and doors open;

Handwashing and we will continue with our additional daily cleaning and regular deep clean;

No whole school use of the staffroom;

Bubble groups for break-time and lunchtime;

Peripatetic music lessons;

After school clubs.

No scooters or bikes in school please

Mask wearing is now your choice;

Responsibility for contact tracing when a pupil tests positive for Covid will pass from the school to NHS Test and Trace. We will not inform you when children need to self-isolate. Please still tell us if someone in your household tests positive, we will support you and your family;

Children will not automatically need to isolate if they are contacted by Test and Trace, they might be asked to get a PCR test;

We will not close bubbles.
